BREAKTHROUGH TO NURSING UPDATE

We are steadfast in our commitment to cultivating the next generation of nursing leaders. Currently in the developmental stages, our initiative, NURSE PATH is taking shape to highlight and support pathways in nursing practice.

Recently, we took a proactive step towards this vision by engaging with approximately 70 students at a local high school. Our presentation covered the vast landscape of the nursing field, insights into student nursing experiences, and the importance of leadership in nursing. The enthusiasm and curiosity displayed by these students further fueled our dedication to advancing the NURSE PATH initiative.

Looking ahead, we are thrilled to announce the formation of a Breakthrough to Nursing Committee. This committee will comprise passionate students devoted to nursing leadership, playing a pivotal role in propelling NURSE PATH to new heights. As Breakthrough to Nursing Co-Directors, we are excited to lead this inspiring journey. Stay tuned for more updates as we shape the future of nursing leadership together. Join us on the NURSE PATH, where passion meets purpose.
